‘Help me choose’ quiz

For teachers / administrators

What's new?

We've added more information to help teachers and administrators decide if they would benefit from having a Cambridge One school account, including a quiz to help them choose.

The benefits

Teachers and administrators will have a clear understanding of what a school account can offer them and whether or not they would benefit from having one.

How does it work?

Teachers and Administrators can click the ‘Cambridge One for schools’ button in the website footer to find more information about school accounts and a link to the ‘Help me choose’ quiz. They can also set up a school account from this page.

How it looks

Click on the ‘Cambridge One for schools’ button at the bottom of the Cambridge One home page.

Do I need a school account?

You may benefit from having a school account in Cambridge One.

School accounts offer more comprehensive tools for managing students, classes and learning materials. They have one or more administrators nominated by the school. A school account is recommended to create and manage child accounts easily.

Independent teacher accounts are best if you are teaching students aged 16 and over, who can create and manage their own accounts using email.

Child accounts are for learners under 15. They have a user name instead of email to log in.

To set up a new school account, you'll need the following information: school name, address, telephone number and website or social media.

We will also need details about the size and type of school. These will be verified by Cambridge before the school account is created.

Set up a school account

Still not sure? Read on to find out more

Teachers and Administrators will see a comparison between teacher and school accounts:

Teacher account	School account
Ask parents to create child accounts	Ask parents to create child accounts
-	Create and manage child accounts
Create one class at a time	Create one class at a time
-	Create classes in bulk
Standard grading	Standard grading
-	Custom grading
Create each class from scratch	Create each class as I need it
-	Copy from an existing class
Class reports	Class reports
-	School level reports
Teacher dashboard	Teacher dashboard
-	Admin dashboard & tools

What's new

And a link to the 'Help me choose' quiz to help them decide if a school account is right for them:

A screenshot of a quiz introduction screen. The title "Which option is right for me?" is centered in a large, dark blue font. Below it, the text "Answer 6 questions to find out" is centered in a smaller, dark blue font. At the bottom, there is a purple button with the text "Start quiz >" in white.

The quiz consists of six questions:

A screenshot of the first two questions of the quiz. The title "See which account type is best for you" is at the top. Question 1 is "1. Which age ranges do you teach?" with the instruction "Select all that apply". It has three checkboxes: "Primary (5-10)", "Secondary (10-16)", and "Adult (16+)". Question 2 is "2. Can your learners sign up and activate their learning materials independently?" with two buttons: "Yes" and "No". At the bottom, there are "Back" and "Next >" buttons.
